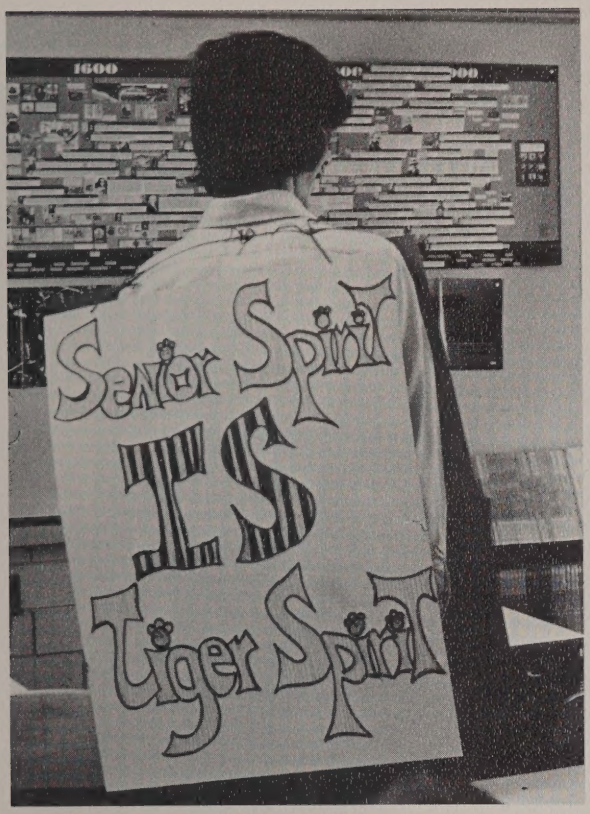
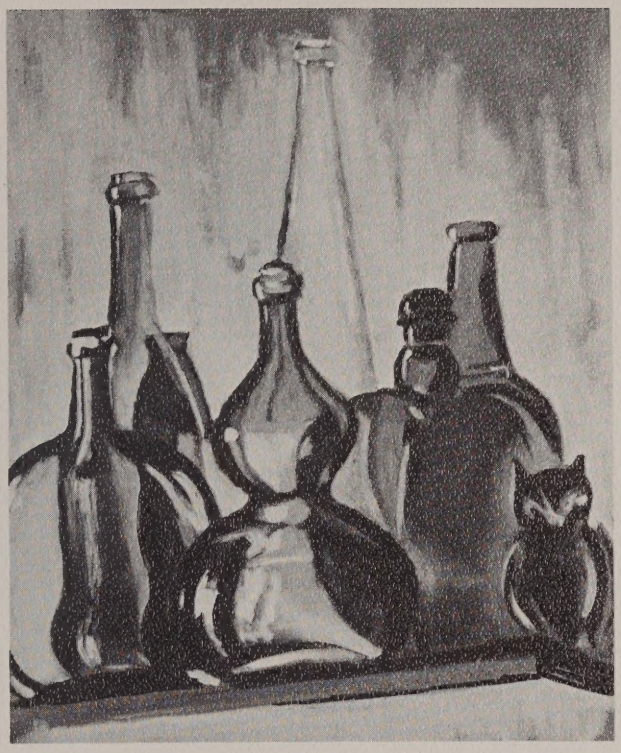
You've Got A Friend

When you're down and troubled and you
need a helping hand
And nothing, nothing is going right
Close your eyes and think of me and soon I will be there
To brighten up even your darkest nights
You just call out my name and you know wherever you are
I'll come running to see you again
Winter, spring, summer or fall, all you've got to do is call
And I'll be there you've got a friend
If the sky above you should grow dark and full of clouds
And that old North Wind should begin to blow
Keep your head together and call my name out loud
Soon I'll be knocking upon your door
Ain't it good to know that you've got a friend
When people can be so cold
They'll hurt you and desert you
They'll take your soul if you let them
But don't you let them

— Carole King

Dedication



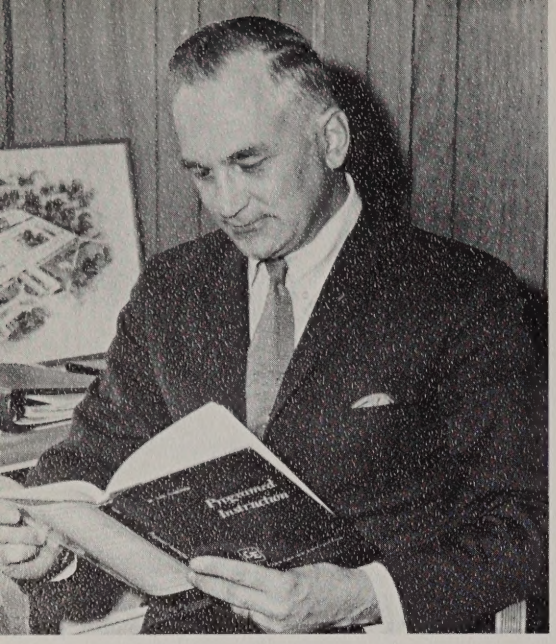


Enter a world of crammed closets and messy sinks. The cry of the wounded art student shatters the calm:

"Miss Richardson... Help!!" and she helps...

In appreciation for all her help, hard work, and understanding, The Class of 1972 dedicates REFLECTIONS to

Miss Terry Ann Richardson



To The Class of 1973:

I congratulate you on the completion of your education in the Littleton Public Schools.

The members of the Class of 1973 will be remembered collectively as "doers"; as active participants in school life.

Your class was the first to occupy the new Middle School for a full school year; the first to conduct a Freshman Class trip; the first to undertake the responsibility of holding the Junior Prom away from the High School.

During a period of dramatic upheaval and change in our society, your class has upheld high academic standards and exercised strong leadership in student government.

I am pleased and proud to have been associated with you as you have progressed through our school system.

With best wishes,

Richard E. Desjarlais

Reflections

In silence and darkness
we wander in awe
and reflected in faraway stars
the innermost mind and soul of man
and dreams of things to come.
Histories of ages past dance across the sky
we are but two in this space of time
our lives merged with those gone by.

Take my hand ---
walk with me awhile
and share some love with me.
We'll see our own lives reflected in
the looking-glass of time
and someday far away from now
I'll remember you, and smile.

- Lyn Smiley
